The appeal brief filed April 5, 2004 contains the following defects which require correction. The corrections are to be made by submission of a revised Appeal Brief. Only one copy of the revised brief needs to be submitted, since the application is currently an electronic file (IFW file).

(1) On page 5, the statement of the issues should refer to claims "5-8" rather than "56-8".

(2) The arguments section (section X) include individual sections numbered 1, 2, 4 and 6. There are no sections numbered as 3 and 5. Accordingly, the arguments appear to be missing sections. Applicant is required to either provide the missing sections or re-number the sections if it is a typographical matter.

To avoid dismissal of the appeal, appellant must submit the revised appeal brief within the longest of any of the following TIME PERIODS: (1) ONE MONTH or THIRTY DAYS from the mailing of this communication, whichever is longer; (2) within the time period for reply to the action from which appeal has been taken; or (3) within two months from the date of the notice of appeal under 37 CFR 1.191. Extensions of these time periods may be granted under 37 CFR 1.136.

Any inquiry concerning this communication should be directed to Sam Rimell at telephone number (703) 306-5626.
